

Navigating the Syllabus with Bookmarks

The syllabus for the 2022 MGC Virtual Seminar is contained in a PDF file . If you are using the Adobe Reader to open the file, you can quickly move around the Syllabus to the topic or presentation that's of interest to you my by using the **bookmarks** that are in the file.

When you open the Syllabus, notice the Adobe Reader Toolbar.

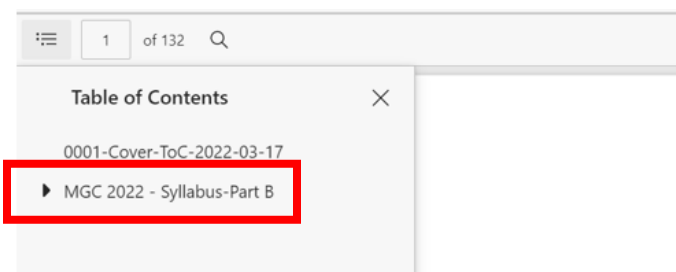

Clicking the **Contents** Tool at the far left of the Toolbar opens up the sections of the Syllabus.

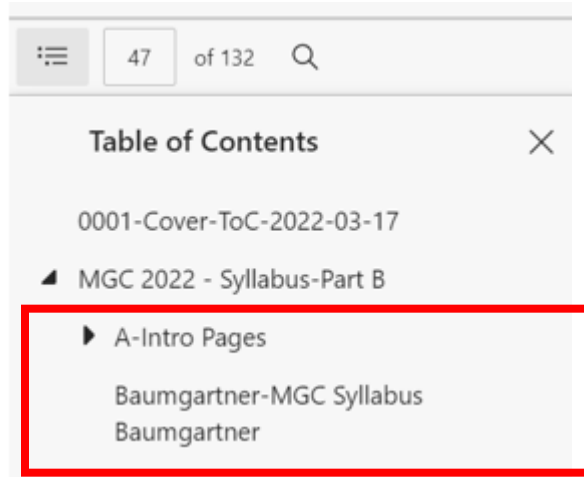

The black arrow (▶) in front of a section indicates that this section contains bookmarks.

There may be many levels of bookmarks within a section.

Clicking the black arrow (▶) displays all the bookmarks in that section.

Clicking on the text of a bookmark takes you directly to that section within the Syllabus.

You can be at one section in the Syllabus and use bookmarks to move around from one section to another by clicking on the bookmarks.
